DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 4/29/2003 has been entered.

Claim Rejections - 35 USC § 103

2. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

3. Claims 1-2, 5, 12-14, 20-21, 24, 29, 30-31, 33, and 34 are rejected under 35 U.S.C. 103(a) as being unpatentable over Ishikawa et al. (JP 61-27874) in view of Ogata et al. Ishikawa discloses a binding apparatus that includes a receiving device (46), a sheet folding device (47, 48, 49), a binding device (56), and a discharging device/leading edge stopping device (54). Ishikawa discloses all the limitations of the claims, but it does not disclose a jogging device. However, Ogata et al. discloses a binding apparatus that includes a jogging device (12) for the purpose of aligning the sheets. It would have been obvious for a person of ordinary skill in the art at the time of the applicant's invention to modify Ishikawa by utilizing a jogging device, as disclosed by Ogata, for the purpose of aligning sheets.

Allowable Subject Matter

Art Unit: 3651

4. Claims 14-19 and 32 are allowed.
5. Claims 3-4, 6-11, 22-23, and 25-28 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

6. Applicant's arguments have been considered but are moot in view of the new ground(s) of rejection.
